

Science Jazz Hands

Tune in to catch scientists getting your attention, not with jazz hands, but with comedic bits about their research. The scientist comedians will be trained by Dr. Lew Lefton and Dr. Pete Ludovice - official doctors of philosophy AND unofficial doctors of science comedy. After the comedy sets, we'll all have the chance to dig deeper into the science with interactive Q & A and games!

Half the donations for this event will go to [Science for Georgia](#) and the other half will be given to an organization dedicated to serving underrepresented minorities in science.
